

C320 Wheel Balancer

All wheel balancers supplied by Concept Garage Equipment have been designed and manufactured with durability, affordability and safety in mind.

Our C320 is one of our mid-level wheel balancers. At Concept Garage Equipment we wanted to include some features with all our machines that puts us above our competition for affordability and value for money. This machine benefits from features such as automatic distance measuring, a positioning laser, foot brake for safe stopping of the wheel, automatic sonar measuring plus much more. Our C320 wheel balancer has been designed and build for busy tyre shops and garages with speed and accuracy in mind. This is an extremely easy machine to operate and makes light effort of balancing wheels. This machine also benefits from a two-year parts and labour warranty giving you the confidence that you are purchasing a reliable wheel balancer. All our wheel balancers have been tested and certified to CE standards.
