THINKCAR TBT Battery Tester

THINKCAR TBT Battery tester clip provide two models selection, the TBT 360 and TBT 360 Pro, which can quickly and accurately detect common faults in battery starting system and charging system of 12v/24v vehicles and motorcycles. It's a must- have tool for maintenance mechanics to quickly determine the fault location of vehicles.

Wide Application for 12V/24V Batteries

Suitable for all 12V Lead-Acid Batteries AGM/GEL/SPIRAL/SLI, 12V Lithium Battery.

Motorcycles

Cars

Medium Duty

Trucks

Heavy Duty

Main Advantages

- Six types of tests: ripple detection, battery test, current test, start test, charging system test, voltage test.
- Supported battery standards: CCA, BCI, CA, MCA, JIS, DIN, IEC, EN, SAE, GB, etc.
- Quickly detect battery health, including battery voltage, resistance, service lift, current, etc.
- 2.8 inch TFT LCD Display with backlight.
- High-voltage protection, which can automatically turns off the power when exceeds to 35V.
- Support report printing (Apply for TBT 360 Pro ONLY)
- CE, RoHS certification with 1 year warranty.

Specifications

Screen Size	2.8-inch
Measuring battery range	3AH-360AH
Measuring voltage range	7V-30V
Working temperature	-20 °C to 50 °C
Special Test Clamp	Two-Conductor Kelvin Clamp
Shell material	Acid-resistant ABS plastic
